- (e) Opportunity to respond to public comment. DOE may provide an opportunity for any person who requested an interpretive ruling to respond to public comments.
- (f) Other sources of information. DOE may—
- (1) Conduct an investigation of any statement in a request;
- (2) Consider any other source of information in evaluating a request for an interpretive ruling; and
- (3) Rely on previously issued interpretive rulings dealing with the same or a related issue.
- (g) Informal conference. DOE, on its own initiative, may convene an informal conference with the person requesting an interpretive ruling.
- (h) Effect of an interpretive ruling. The authority of an interpretive ruling shall be limited to the person requesting such ruling and shall depend on the accuracy and completeness of the facts and circumstances on which the interpretive ruling is based. An interpretive ruling by the Assistant Secretary shall be final for DOE.
- (i) Reliance on an interpretive ruling. No person who obtains an interpretive ruling under this section shall be subject to an enforcement action for civil penalties or criminal fines for actions reasonably taken in reliance thereon, but a person may not act in reliance on an interpretive ruling that is administratively rescinded or modified, judicially invalidated, or its prospective effect is overruled by statute or regulation.
- (j) Denials of requests for an interpretive ruling. DOE shall deny a request for an interpretive ruling if DOE determines that—
- (1) There is insufficient information upon which to base an interpretive ruling;
- (2) The questions posed should be treated in a general notice of proposed rulemaking under 42 U.S.C. 7191 and 5 U.S.C. 553;
- (3) There is an adequate procedure elsewhere in this part for addressing the question posed such as a petition for exemption; or
- (4) For other good cause.
- (k) Public file. DOE may file a copy of an interpretive ruling in a public file labeled "Interpretive Rulings Under 10

CFR Part 490" which shall be available during normal business hours for public inspection at the DOE Freedom of Information Reading Room at 1000 Independence Avenue, SW, Washington, DC 20585, or at such other addresses as DOE may announce in a FEDERAL REGISTER notice.

## § 490.6 Petitions for generally applicable rulemaking.

- (a) Right to file. Pursuant to 42 U.S.C. 7191 and 5 U.S.C. 553(e), any person may file a petition for generally applicable rulemaking under titles III, IV, and V of the Act with the DOE General Counsel.
- (b) How to file. A petition for generally applicable rulemaking under this section shall be filed by mail or messenger in an envelope addressed to the Office of General Counsel, GC-1, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585
- (c) Content of rulemaking petitions. A petition under this section must—
- (1) Be labeled "Petition for Rule-making Under 10 CFR Part 490";
- (2) Describe with particularity the terms of the rule being sought;
- (3) Identify the provisions of law that direct, authorize, or affect the issuance of the rules being sought; and
- (4) Explain why DOE should not choose to make policy by precedent through interpretive rulings, petitions for exemption, or other adjudications.
- (d) Determination upon rulemaking petitions. After considering the petition and other information deemed to be appropriate, DOE may grant the petition and issue an appropriate rulemaking notice, or deny the petition because the rule being sought—
- (1) Would be inconsistent with statutory law;
- (2) Would establish a generally applicable policy in an area that should be left to case-by-case determinations;
- (3) Would establish a policy inconsistent with the underlying statutory purposes; or
  - (4) For other good cause.

## § 490.7 Relationship to other law.

(a) Nothing in this part shall be construed to require or authorize sale of, or conversion to, light duty alternative

## §490.8

fueled motor vehicles in violation of applicable regulations of any Federal, State or local government agency.

(b) Nothing in this part shall be construed to require or authorize the use of a motor fuel in violation of applicable regulations of any Federal, State, or local government agency.

## § 490.8 Replacement fuel production goal.

The goal of the replacement fuel supply and demand program established by section 502(b)(2) of the Act (42 U.S.C. 13252(b)(2)) and revised by DOE pursuant to section 504(b) of the Act (42 U.S.C. 13254(b)) is to achieve a production capacity of replacement fuels sufficient to replace, on an energy equivalent basis, at least 30 percent of motor fuel consumption in the United States by the year 2030.
